Proposed new ICANN structure

Unofficial chart following the 2 October ERC recommendation

ASO Council:

3 seats for each regional IP address registry (APNIC, ARIN, RIPE NCC)

GNSO Council:

Two (but initially three) representatives from six constituencies: qTLD registrars, qTD registries (under ICANN contract); business, Internet Service Providers, non-commercial domain holders, intellectual property constituency (not under ICANN contract).

"to be supplied"

Aggregate number of votes of "under contract" constituencies is equal to "non-contracted" constituencies: Initially, qTLD registrars and registries cast two votes each, all other constituencies cast one vote each.

The Nominating Committee selects three additional members with one vote each.

Committee

18 voting delegates:

Academic + other public org. (1) Address registries/ASO (1) At Large Advisory Committee* (5) ccNSO Council (1) Consumer + civil society groups (1) Governmental Adv. Committee (1) qTLD registries (1) gTLD registrars (1) IETF (1) Intell. property organizations (1)

Reconsideration, review and ombudsman

Unofficial chart following the 2 October ERC recommendation

Reconsideration

Any person materially affected may request review or reconsideration of

- staff (in)actions contradicting ICANN policies
- board (in)actions without consideration of material information

Decision by Reconsideration Committee of not less than three Board directors; normal administrative costs (not extraodinary costs) absorbed by ICANN

Independent Review

Any affected party may request independent review of Board actions alleged to be inconsistent with the Articles of Incorporation or Bylaws

Decision by panel appointed by an international arbitration provider; the party not prevailing bears all costs of the arbitration provider; each party shall bear its own expenses

Ombudsman

Affected members of the ICANN Community may voice problems, concerns or complaints about ICANN which have not otherwise become the subject of reconsideration or independent review

Office of Ombudsman shall facilitate the fair, impartial, and timely resolution of problems and complaint and advise complainants about the various options available for review
